

## Silver Eagles Newsletter

July 2013

### **Silver Eagles,**

I only received Member News this month. Maybe it is the steam that this country is in. The DC area has been murder! Those of you who lived in this swamp and moved away after retirement can remember back and smile – unless you moved to Arizona. Although moving into the shade means something out there – especially with a breeze. However, I do love member news – so please send more!!

### **Member News:**

**Julie Beal** - Hi Jim, Thanks for keeping the silver eagles newsletter alive.

I always enjoy seeing the e-mail show up in my in-box. It's good to keep up with those who share their stories of life after the Board.

I am still in the area, living on the Chesapeake Bay in Deale, MD where I keep myself entertained and busy selling real estate. It's been fun learning a new profession and meeting many wonderful people as they discover the western shore of the Bay.

I make time to travel as much as possible and recently went to visit Nora Marshall and John Petrakis in their beautiful new home in Sonoma, California. While there, Nora and John hosted a reunion of west coast NTSB alumni. Member Rosekind, his wife Deb and son Aaron also joined us. I've attached a photo of the group. Included in the group were (from left to right) Carl Vogt, Member Rosekind, Phyllis Kayten, me, Susan Coughlin, John Lauber, Nora Marshall and John Petrakis. (See photo below)

It was a great visit and we enjoyed each others stories about our days at the Board. Chances are some of you reading this article were mentioned as we reminisced. Best to all!

**Bridget Serchak**, now Chief of Public Affairs for the DOD OIG added new address info to the contact list. I begged her for fun or informative stuff to no avail.

Come on guys! Give me a break! As I suggested to Bridget = Last vacation (staycation) - current craze/crush (zumba/name an actor *-or actress*) - whimsical fantasy (kayaking Great Falls NOT!) Please!
