

Silver Eagles Newsletter

March 2014

Silver Eagles,

We have one new member this month! Okay, I promised pictures of spring flowers this month, but no one sent any and the few crocuses that I saw a couple of days ago now are covered in snow! What is with this spring!

New Member:

Ken Peppard

Board News:

Steve Heller's (Law Judges office) wife died a several weeks ago and her funeral was this past February 22. There were a number of present and former employees there.

Jim Cash retired at the end of February and his party was March 13, 2014. No, I didn't make it to the party. I'm a failure!

Derrick Nash retired March 22, 2014. I heard that several of the lab folks had a lunch for him. I tried to contact both without success. Please let them know about us!

Member News:

Ken Peppard - My official service at NTSB was from 1986-1990, when I served as Special Assistant to Member Nall. For several years before and after NTSB, I served at the FAA and retired in January 2011.

Apparently **Julie Beal's** email address was incorrect on our list. I've corrected that on the attached contact list.

Don Libera's email address has been kicking back undeliverable. Can anyone contact him?

Misc:

Don't forget the Silver Eagle Website: www.precisionwrite.com/SilverEagles.html

This bit of twisted humor from Al Dickinson:

Missing Airliner found!(See attached photo!)

Happy May flowers soon, I hope! -and send Pictures!

Jim Henderson
