

Silver Eagles Newsletter

February 2017

Silver Eagles,

Unlike last month, we have no new members this month. We have several members that have volunteered to help with the reunion. Finally, I almost didn't get this out. When I said "What a month!" last month I was referring to news. This month has been amazing for me – not good amazing.

New Members: None

Board News: None, except below.

Fiftieth Reunion News

I hope that you all got the plea for help from the Board. I sent it just after last month's newsletter. I see the Pat Cariseo, Chris Julius and Bob Benzon has offered help to the production of the Lesson's Learned publication.

Member News:

February almost disappeared for me, **Jim Henderson**. Recoping from the gall bladder operation wasn't horrible. It took a while to back to regularity, shall we say. Years ago we bought a foreclosed town house with inheritance that our son and his wife live in. This month the BILL CAME DUE. What we thought was a small leak under the basement door turned out to be a major leak that had been destroying the chimney and half of the back wall for over a decade. Insurance wouldn't cover it. There were 3 or 4 lesser things that also caused stress and almost made me forget this newsletter. I thought that retirement was supposed to be a relaxing time of life. LOL

Please send fun news so I don't have to talk about my miseries! Please! Please!

Don't forget the Silver Eagle Website: www.precisionwrite.com/SilverEagles.html

Have a Happy Saint Patties day!

Jim Henderson
