

## Silver Eagles Newsletter

June 2017

### Silver Eagles,

We have no new members this month and little in the way of news. Some! – thanks to Bob Pyle and a Facebook post by Crystal Thomas. – oh, and since things are slow I'll blow my own horn...

**New Members:** None

**Board News:** None

**Fiftieth Reunion News:** None, in spite of all our work! Someone warned me early on that NTSB has moved so many people out of the office that this might be difficult to do – but we were sooooo close.

**Member News:**

**Crystal Thomas** is pregnant, again! Fantastic!

I (**Jim Henderson**) hate to blow my own horn, but going on 70 in a few months, our local senior group got an invite to a new theme park in one of Fairfax County's parks. It was called GoApe and involved climbing up into the top of trees and balancing across swinging bridges, or tightwire walking, or swinging on cargo nets – all between the treetops. It was free for us, and being a tightwad walker I spent 3 ½ hours in the top of the trees balancing and walking. Great fun and very tiring! (See photo below of upper blocks.)

**Bob Pyle** - I may have something soon to share on Cyber Security issues facing the Federal Govt since it now has reached the top levels of Govt as a REAL problem... I am on the Board of Directors for a friends Cyber Security firm called Centurion Cyber Security...we are a small start-up company that has a fairly large team of Cyber Experts all over USA including a few in DC area, and it is one of just a few that are already certified by the Govt as owned by former military personnel...it took years to get this certification which means we can now bid on Govt contracts and get priority referral for bidding...we are working with the Army's cyber team stationed in Augusta, Georgia...

Our Govt is so far behind on Cyber Security and they need to get caught up quickly to protect a lot of information and data in the Govt systems...it is really a big problem facing us and other countries...

Keep u posted if I have anything [else] that might be of interest to share with your Members...

**Miscellaneous:**
